#### Business Items. TWENCY YEARS BACK

For twenty years, Mr Elijah Nickerson,

THE HOUSEKEEPER'S COMPLAINT.

I am discouraged I have too much to
do I am tired. I am sick suppose I
was put into this house to ke-p it clean,
but it is too much work I won't ry
will go to sleep I don't care what becomes of the house "

The above is an allogory. The discourged housekeeper is the liver, which, indeed, is after called the housekeeper of our health. If it does go to sleep as it threatened, a crowd of diseases are all heady o spring up as a consequence. Dr Pierce s 'Gok en Medical Discovery' acts upon the liver and assists it its work of housekeeping and house-obsaning. It is the great liver remedy and blood cleanses, and cures all the long train of chronic maladisk resulting from a torpho or alugges, steepy liver such as slot-headache, serofio ous diseases, as micres, "fovergish, steepy liver such as jox-headac's, serofu ous diseases, as niceta, "fever-sores," "white swellings," hy-joint disease, consum/tion of the lungs (which is really on y stroftla manifesting itself in the del cate t suce of these organs), a so all skin classases, as blotches, pimples and expuptions, and all blood taints, however acquired.
